1. Print out moustache shape. Note that the 7 pages that are printed will create one half of a moustache. Be sure to scale your printout to 100%, or carefully trim off margins.
2. Use alignment numbers as marked on edges of each page to assemble the right half of the moustache and tape together.
3. Trim around solid line of design to create one half of moustache.
4. To create the whole moustache, repeat steps 1 through 3, and flip this half of pattern over, and align dashed lines to create a whole moustache.
